something Coming back to the use of typefaces in electronic publishing:
something many of the new typographers receive their knowledge and infor-
something mation about the rules of typography from books, from computer
 magazines or the instruction manuals which they get with the
 purchase of a PC or software. There is not so much basic instruction, as of now,
 as there was in the old days, showing the differences between good and bad typo-
 graphic design. Many people are just fascinated by their PC's tricks, and think that
 a widely-praised program, called up on the screen, will make everything automatic
 from now on.
